

## **OTHER TOPICS**

Name: Pradip D. Patel, M.D.

Specialty: Pediatrics

Institution: University of Louisville SOM

Title of faculty development lecture/workshop: How to best prepare your senior students for a successful MATCH

Months most likely available: Most

Any travel restrictions/preferences (e.g. geographic location): None

Contact information:

E mail: Pradip D. Patel

Phone: (502) 629-3592

Alternate phone: (502) 417-0775

Fax number: (502) 629-7065

Name: Pradip D. Patel, M.D.

Specialty: Pediatrics

Institution: University of Louisville SOM

Title of faculty development lecture/workshop: How to best incorporate technology innovations in your curriculum

Months most likely available: Most

Any travel restrictions/preferences (e.g. geographic location): None

Contact information:

E mail: Pradip D. Patel

Phone: (502) 629-3592

Alternate phone: (502) 417-0775

Fax number: (502) 629-7065

Name: Judith L. Rowen, M.D.

Specialty: Pediatric Hospitalist, Pedi ID, Asst. Dean

Institution: University of Texas Medical Branch

Title of faculty development lecture/workshop: Delivering a clerkship to multiple sites

Other area of academic/specialty interest (grand rounds topics): ID- especially fungal infections, e.g. Neonatal Candidiasis, other neonatal infections

Months most likely available: Not March

Any travel restrictions/preferences (e.g. geographic location): I hate cold

Contact information:

E mail: [jrowen@utmb.edu](mailto:jrowen@utmb.edu)

Phone: (409) 747-0267

Alternate phone: (409) 747-4653

Fax number: (409) 747-4665

Name: Judith L. Rowen, M.D.

Specialty: Pediatric Hospitalist, Pedi ID, Asst. Dean

Institution: University of Texas Medical Branch

Title of faculty development lecture/workshop: Writing good multiple choice questions

Other area of academic/specialty interest (grand rounds topics): ID- especially fungal infections, e.g. Neonatal Candidiasis, other neonatal infections

Months most likely available: Not March

Any travel restrictions/preferences (e.g. geographic location): I hate cold

Contact information:

## **Teachers Traveling to Teach Teachers**

Name: Dr Susan Bannister, Dr David Keegan

Specialty: Pediatrics, Family Medicine

Institution: University of Calgary

Title of faculty development lecture/workshop: Leadership in Medical Education

Other area of academic/specialty interest (grand rounds topics): Technical Skill Acquisition in Pediatrics, Third year residency program in Family Medicine about Child Health, Canadian National Shared Curriculum in Family Medicine

Description of lecture/workshop:

Part One: How to strategically prepare your team to accomplish great things.

This 1 3/4 hour session would be highly interactive, and is a broad overview of the key elements/skills/knowledge an educational leader needs for his/her group to be effective. It includes a self-assessment tool in which participants will identify areas of weakness and be pointed to resources to address them. Peer consultations take place with people who have opposite strengths, and participants develop a concrete plan for working on their weaker areas.

Part Two: Making stuff happen with big buy-in: Developing practical negotiation skills to get the outcomes you need.

This 1 3/4 hour session is also highly interactive and is a focused exploration of one of the commonest areas of weakness identified in Part One. Participants engage in large and small group learning and discussion, and apply stakeholder-needs-assessment methods to mock and real scenarios. They workshop their own particular challenge or initiative using the Stakeholder Map and identify stakeholders and estimate their needs, and engage with a colleague in a peer consultation. Participants leave with a concrete plan to engage others

in a meaningful way to accomplish the outcomes they need.

Months most likely available: September to June

Any travel restrictions/preferences (e.g. geographic location): None
