

## COMSEP Workshop Topic Domains, 2015-Present

### Topics:

Administration of Clerkship	Professional Development
Assessment	Scholarship
Curriculum	Student Advising/Mentorship
Diversity, Equity, and Inclusion	Teaching Skills
Faculty Development	Technology
Pre/Post-Clerkship Education	Wellness

### Administration of Clerkship

2015:

ABC's of Medical Student Education: Fundamentals for Pediatric Educators  
Clerkship Administrators – Charting a Course; Expanding the Realm: Understanding Your Role Through Leadership  
Preparing for Accreditation: What a Clerkship Director Needs to Know  
Year At A Glance: Clerkship Administrators Role in the Third Year

2016:

Get Ready To Ounce On Opportunities and Handle Challenges: Setting Your Educational Team Up for Success  
Medical Students 101 – It Takes a Village: A Director-Administrator Collaborative Workshop to Help Maximize Support For Your Students  
A Successful Clerkship: Take One For The Team  
It Takes A Village: How To Successfully Incorporate Community Pediatricians Into the Pediatric Clerkship

2017:

LCME Informational Workshop for Clerkship Administrators

2018:

Enhance Your Clerkship with Pedialink  
LCME Informational Workshop for Clerkship Administrators

2019:

ABCs of Medical Education: Fundamentals for Pediatric Educators  
Clerkship Administrators Certificate  
Building a Resilient Clerkship Administrator  
Rise and Shine: Welcome to your Pediatrics Clerkship  
Too Busy, Too Bored, Too Burnt Out: Practical Theory Based Tools to Win Back Unmotivated Learner  
Finding Your Flow with Aquifer

2021:

Ways to improve their shelf life: Evidence-based methods to enhance student performance on the NBME Pediatrics Subject Exam  
Help! I Need Somebody! Recruiting and Enhancing Relationships with Pediatric Preceptors  
(Despite a Pandemic)

2022:

The ABC's of Medical Student Education (New Clerkship Directors).  
Comfortable Being Uncomfortable: Inclusion of the Clerkship Administrator.  
Continuous Improvement 101: The Administrator's First Steps to Process Improvement.  
Leveraging your Program and your People in the Clerkship.

2023:

The ABC's of Medical Student Education: Fundamentals for New Pediatric Educators.  
Medical Education and Clerkship Administrator Certification Workshop.  
Effective Time Management for leaders and Administrators.

2024:

The ABC's of Medical Student Education: Fundamentals for New Pediatric Educators.  
Medical Education and Clerkship Administrator Certification Workshop.  
The Art of Gathering: How to Create Meaningful meetings, events, and other gatherings in medical education.  
Unleash your Presentation Potential: Tips and Tricks to Presenting Like a Pro.

2025:

The ABC's of Medical Student Education: Fundamentals for New Pediatric Educators. Leader: Amalia Guardiola.  
Medical Education and Clerkship Administrator Certification Workshop. Leader: Tiffany Swain.  
Your Pit crew chief (Clerkship administrator) is retiring! Succession planning for a vital role! Leader: Donnita Pelser.

### **Assessment**

2015:

What's In A Question? Changing the Way We Assess Knowledge, Understanding and Clinical Reasoning on the Fly  
Addressing Professionalism Concerns Within The Clerkship: A "Toolbox" Of Remediation Plans

2016:

Teach and Assess Clinical Reasoning Using Practical, Validated Written and Oral Case Presentation Rubrics:  
P-Hapee and PBEAR

2017:

What Do You Think? Designing Effective Surveys in Medical Education  
Direct Observation and Clinical Assessment: A Critical Step in Moving Towards Competency  
Did Learning Occur? Incorporating Assessment into Small Group Learning Sessions

2018:

Implementing the Core EPAs in the Pediatric Clerkship: Challenges, Opportunities, and Lessons Learned  
Clinical Reasoning Assessment: A Workshop for Developing Script Concordance Assessment Items

2019:

Preparing for Success – From UME to GME to Practice  
Your Assessment is Only as Good as Your Validity Evidence  
Assessment and Evaluation and Feedback, Oh My!

2021:

Developing Effective Narrative Evaluations for the MSPE

2022:

One-Minute Observer: Using Brief Direct Observation Experiences to Improve Narrative

2023:

Do we Know it When We see it? Using a Novel Framework to Guide Feedback and assessment of student professionalism behaviors.

Assessing trainee ability to process feedback.

2024:

Be Aware: An Anti-Bias Toolkit for the evaluation of medical trainees.

“That’s not Fair!” Conversations for clerkship directors to have when students don’t agree with attending clinical performance evaluations.

Your words matter now more than ever: Writing Effective Narrative Evaluations in the era of pass/fail clerkships.

Ambiguity in Defining Professional Behaviors: Helping Educators and Learners Find Common Ground.

### **Curriculum**

2015:

Critical Reflection In Teaching and Evaluation

Incorporating IPE Activities Into Your Medical School Curriculum

Faculty Who Inspire: Promoting Humanism In Pediatrics

I Spent How Much On That Medical Workup? Teaching Cost Effective, Evidence-Enhanced Diagnosis

Lifelong Learning Begins Now: Strategies For Developing ILPs in the Medical School Curriculum

I-PASS Handoff Process Part 2: Focus on Medical Student Implementation

Planting Seeds of Wellness and Resilience into the Pediatric Clerkship Curriculum

Finding Opportunities For Teaching and Employing Reflective Practice in Your Clerkship

2016:

Strategic Planning for the M4 Year: Creating a Competent Student Prepared for Pediatric Residency

Promoting Clinical Reasoning: A Developmental Approach

Incorporating The Fundamentals of Health Care Value Into Daily Practice

New Frontiers in Medical Education: Planting Seeds of Resilience and Wellness Into the Pediatrics Clerkship Curriculum

What’s a LIC and How Do We Click?

Valuing Perspectives: Practical Strategies For Incorporating And Sustaining Humanism In Educational Programs

2017:

Teaching Beyond Facts: Educating Pediatricians For the Modern Healthcare System

Developing A Unique LIC – The Women’s and Children’s Clerkship

Make Your Case and Use It Too: Developing and Implementing the COMSEP Clinical Cases

The P-LHET: A Novel Approach to Designing Educational Sessions

In Science We Trust – Integration of Clinical and Basic Sciences as a Road to Entrustment

2018:

Every Mountain Climb Needs a Sherpa: Engaging Patient and Family Advisors in Medical Education  
The Joy of Using Reflections In Health Science Education  
Transform and Roll Out! Strategies for Schools Undergoing Curriculum Redesign  
Storytelling in Medical Education  
Click Bait: Medical Student Documentation in the Electronic Health Record  
Storytelling for Healthcare Professionals and Educators

2019:

Un-Blinded Me with Science: Integrating Basic Science into Clinical Reasoning  
Infusing the Pediatric Curriculum with Social Determinants of Health

2021: none

2022:

Setting up our Students for Success: An innovative Task and Time Management Curricula for Medical Students.

2023:

Art is the Lie that enables us to realize the Truth - Picasso: Incorporating the Arts and Humanities in Medical Education.  
Patients First! Creating a Psychologically Safe Clinical Learning Environment to Build a Stronger Care Team.  
Spring Cleaning: How to Use the brand new COMSEP curriculum mapping tool to refresh, reinforce, and renovate your clerkship elements.  
Service: Student Evaluation of Real-Time Virtual Immersive Clinical Experience.

2024:

Don't Settle for Basic: Integrating Foundational Sciences into Pediatric Clinical Undergraduate Medical Education.  
The Pediatric OSCE Reimagined: Approaches to Align the COMSEP Curriculum with Contemporary Learner Needs.

2025:

Together for Tomorrow: Interprofessional Strategies in Pediatric Education. Leader: Samrat Das.  
Beyond the bedside: Harnessing the expertise of patient partners to enhance your educational program.  
Leader: Mark Zucker.

### **Diversity, Equity, and Inclusion**

2018:

Telling the Story of Mistreatment: Changing the Culture of the Learning Environment

2019:

Naming and Reframing: Portrayal of Race and Culture in Medical Education  
Clinical Learning Environment: Sharing Stories of Mistreatment and Reframing Communication

2021:

"Learning to Swat Mosquitoes": Addressing Microaggressions in Pediatric Medical Student Education  
"Those who say it can't be done are usually interrupted by others doing it," How to Be an Anti-racist by Building a Welcoming Learning Space.  
Forum Theatre: An Innovative Way to Discuss Racism in Medicine.

Managing Microaggressions- What To Do When You Enact, Receive, or Witness Them In Action”  
Realizing Inclusion & Systemic Equity in Medicine (RISE): Responding to Acts of Racism  
and Discrimination in the Workplace

2022:

Finding DEI in LGBTQIA Diversity in your Environment.  
5 Steps and a Pause: Continuing the Journey Towards Equity.  
Pipeline Construction and Management: Towards a More Supportive Pathway.  
Changing our Approach to the System to Help Change the System: Best Practices in Supporting and  
Advancing UIM Medical Students in their Journey.

2023:

Using Allyship as a Catalyst for Change to Build Stronger Communities in Pediatric Medical Education.  
Creating or Optimizing a Visiting Elective at your Institution for URIM Students: Best Practices and Pitfalls.  
Engaging LGBTQ topics in the core pediatrics clerkship: identifying avenues for incorporating LGBTQ health  
in the core pediatric clerkship.

2024:

Addressing the Elephant outside the room: Equipping Pediatric Educators to Facilitate Civil Discourse in the  
learning environment.

2025:

Brave Spaces: Teaching in Times of Controversy. Leader: Veronica Gonzalez.  
Admissions after SCOTUS: Getting URIM learners to the checkered flag while (NOT) Reflecting on the Race.  
Leader: Lynn Batten.  
Promoting Discussions in Diversity through Narrative Medicine. Leader: Meghan Treitz.

### **Faculty Development**

2015

Going Beyond “Good Job” and “Performance As Expected”: Train Faculty to Give Effective, and Meaningful Feedback.  
Facilitating Critical Incident Debriefing for Students: Skills Development for Faculty.

2016

Using Objective Structured Clinical & Teaching Exercised (OSCES & OSTES) To Improve Faculty Teaching Skills.

2017

And 5-6-7-8: Using Dance As a Way to Creatively Teach Feedback Skills.  
Game On: Scoring Points with Your Learners By Leveling Up Your Teaching Toolbox.  
Teach and Assess Clinical Reasoning Using Practical Written and Oral Case Presentations. Rubrics: P-HAPEE  
& PBEAR.  
Resilience: The 7<sup>th</sup> Competency. Build and Maintain Resilience in Ourselves and in our Learners

2018

Bridging the Generation Gap in Healthcare Education: Understanding the Millennial Learner.  
Lights, Camera, Action! Directing a Blockbuster Workshop

2019:

Time to Build Resilience Through Compassion  
Using Emotional Intelligence Skills to Develop Resilience and Reduce Burnout

2021:

Minimizing Bias and Maximizing Meaning: A train-the-trainer workshop to improve narrative comments in clinical performance assessments.

Breaking the Imposter Mindset to Accept our Inner Expert.

2022:

Stealth Curriculum: A Covert Mission in Faculty Development.

Inclusion at the Table: Cooperative Leadership to Foster Creativity and Enhance Group Function.

How to Avoid that Little (Work) Shop of Horrors: The Workshop on Workshops.

2023:

Lessons from the Hogwarts School of Faculty Development: What are our Natural Teaching Styles and What can we learn from other teaching styles?

Adapting Feedback: Creating Educational Alliances and Fostering Growth Mindsets.

Building Resilience in Medicine.

2024:

"She speaks so well!" Writing Effective and Non-Biased Letters of Recommendation.

Adding Powdered Sugar to the Beignet: New Ideas to Incentivize and Engage Community Preceptors.

Win-Win: Teaching Shared Decision Making through the Lens of Integrative Negotiation.

The Goal Getter's Guide: Applying the "Immunity to Change" Framework to Professional Development and Learner Engagement.

Developing Skills to Write "The Best Letter of Recommendation I Have Ever Read in my 20 Year Career".

Belonging is Me, You, and Us within the Clinical Learning Environment.

2025:

Driving Culture Change: Developing psychologically safe proving grounds in medical education. Leader: Kris Gibson

Put Yourself in the Driver's Seat: Making the shift from Drama to Empowerment. Leader: Sherilyn Smith.

Roots to Branches: Cultivating a growth mindset in our learners. Leader: Karen Forbes.

Moving Beyond Yes and...using medical improv to navigate difficult conversations. Leader: Drew Galligan.

Building Trust: Foundational skills to improve your leadership and life! Leader: Sherilyn Smith.

From Struggle to Strategy: Streamlining Direct observation in clinical teaching. Leader: Marguerite Costich.

### **Pre/Post-Clerkship Education**

2015 – None

2016

We've Identified the Problem! Developing a Pre-Clinical Pediatric Curriculum

2017

Planting the Seed Early: Cultivating Pre-Clinical Activities at your Institution

2018

Scheduling Fourth Year Medical Students Using a Community Spirit

Will They Be Ready: Designing Effective and Engaging Pediatric Residency Prep Courses for Fourth Years

2019

Preparing for Success: Designing Pediatric Pre-Clerkship Activities

2021 - none

2024:

Setting the Cadence Early: The role of a 4<sup>th</sup> year medical student chief.

Marching Onward: Bridging the Gap between clerkship and post-clerkship rotations.

2025:

Full Speed Ahead: Coaching Post-Clerkship Students through Reflective Practice. Leader: Lori Singleton.

This Little Piggy Went into Pediatrics: Maximizing the effectiveness of your pediatric interest group (PIG).

Leader: Jeremy Middleton.

### **Professional Development**

2015:

Habits of Highly Successful Academicians: Making Your Grandmother (and your Department Chair) Proud

Navigating Your Academic Career Path: "Look Before You Lead!"

Coming Back Stronger, Finding Opportunities in Change

2016

Key Habits of Successful Medical Educators

2017

Promote Yourself: Demonstrating Teaching Excellence with an Educator's Portfolio

How to Get the Most Out of Your Mentoring Relationship

Zero to Hero: Developing and Marketing Your Role as a Clerkship Coordinator

Let's Make a Deal: The Art of Negotiation in Academic Medicine

Ascending to the Mountain Peak: Preparing Yourself and Supporting Others in Promotions

Leadership in Medical Education Begins with Negotiation

PEDS LEADS

2018

PEDS LEADS

From the Brink of Burnout to Resiliency: Transforming Your Experience as a Pediatric Medical Educator in Adversity

Clerkship Administrators: Telling Your Story to Expand Your Professional Opportunities. Recognizing the Steps needed...

2019

PEDS LEADS

Get Promoted! Academic Advancement for Educators

Mentor for a Day, A Year, A Lifetime: How to Build and Customize Your Skills as a Mentor

Moving Beyond Professionalism to Professional Identity Formation

2021

Managing Up – Harnessing organizational expertise to enhance your leadership effectiveness

2022:

Naming Loss in our Professional and Personal Lives.

The Post-Pandemic Professional Brand: A 5-Point Reset.

2023:

Choreographing your dance as a leader in times of change: building community into your team.  
Does the Hat still fit? RE-examining the alignment between professional roles, passions, and goals.  
Designing your Career: Using Life Design to Create your ideal “work state”.  
Maximize Fulfillment and success in your career – saying yes, no, maybe so.

2024:

Getting out of your own way: Exploring Ways to Effectively Navigate your career.  
Chutes and Ladders: Strategies behind the game of Promotion: A Guide to Promotion as a Medical Educator.  
Drumming up Support: Using Advocacy Skills to Advance your Professional Goals.

2025:

Turbocharge the Next Lap of Your Career with Effective Mentorship. Leader: Alexandra Comfort.  
Climb Every Mountain: Navigating the Academic Career Path for Medical Educators. Leader: Alanna Higgins Joyce.

### **Scholarship**

2015

Practical Skills to Design and Conduct a Rigorous Qualitative Study in Medical Education  
Poster Presentations 101  
MedEdPortal 1.0: A Workshop For Disseminating Educational Scholarship  
Finding Opportunities in Qualitative Research: Framing Your Medical Education Research Question

2016

Collecting Validity Evidence: A Hands On Workshop For Your Instrument Of Choice  
Innovation to Dissemination: Selecting Outcome Measures to Translate Educational Innovations Into Scholarship

2017

Poster to Publication  
Medical Education Scholarship 101  
Collaborative Research: Why, What, How?

2018

Likert or Like It: An Introduction to Effective Survey Design  
Educational Quality Improvement: Moving Beyond Great Ideas to Thoughtful Action  
Innovation to Publication in Five Simple Steps  
Moving Beyond Satisfaction: Developing Meaningful Outcomes

2019

Medical Education Scholarship 101  
Scholarly Work: From COMSEP to MedEdPortal  
Resiliently Publishing Your Manuscript: Moving From Rejection to Resubmission to Redemption

2021

Advancing your scholarly productivity through COMSEP: Get involved, get writing, we can help!  
Achieving Excellence in Research and Innovation Abstracts: Reviewing Others and Writing Your Own  
Conceptual Frameworks: Identifying the Scaffolding for your Scholarly Project  
Making your Anti-Racism Work Scholarly

## And the Answer Is? Writing Flawless and Diverse Multiple Choice Questions

2022:

Let's Do This Together! Enhancing your Scholarship Productivity through Community  
Getting Started in Qualitative Research.

2023:

Failure to Launch: Avoiding common roadblocks in your process improvement project.  
Seeing Scholarship in 1's and 0's: Appraising and getting credit for digital scholarship.  
Making your anti-racism work scholarly.  
If you Design it well, they will come! Exploring Innovations in Poster Design.

2024: none

2025:

Buckle Up: How to Overcome obstacles and detours on the path to publication. Leader: Lesley Gardiner.  
Life in the Fast Lane: How to Approach Scholarship as an everyday activity. Leader: Lesley Gardiner.

### **Student Advising/Mentorship**

2015 – None

2016

What Does That Mean? Writing Letters of Recommendation For Residency Applicants

2017

Match Frenzy

How to Identify and Assist Clerkship Students Who Are Experiencing Stress and/or Grief  
Motivational Advising Utilizing the Theory of Motivational Interviewing to Engage Learners

2018

Are You Ready For Your Role as a Career Advisor  
Creating the Dean's Narrative: The "Write" Way

2019

Advising Students At Risk in the Match  
When Opportunity Comes a Knockin: Applying Planned Happenstance to MS Advising  
Charting a New Path: Teaching Self Awareness to the Problem Learner

2021

Finding Success in Failure: Best Practices for remediation of students in difficulty  
Recruiting the Best: Attracting Phenomenal Medical Students into Pediatrics  
Everything Is AWESOME!!! Advising the Pediatrics Student Interested in Combined Residency Programs.  
Bringing Shame into the Light: Tools to Promote Resilience Among a Diversity of Learners  
in the Pediatric Clerkship.

2022:

The Best Tools for the Job: Key Resources for Pediatric Career Advisors.  
Promoting Your Students: Best Practices for Furthering Your Students' Success.  
Mentorship 2.0: Mentoring Strategies for Junior and Overextended Mentors.  
Early Comprehensive Mentoring for Medical Students.

2023:

No Size Fits All: Individualized professionalism remediation for diverse learners.

Navigating Professional Identity Development in our Learners.

What's app, doc? Advising for the Supplemental ERAS application.

2024:

Join our Parade: Inviting Students into our community of Pediatricians.

Take a Spin at the Game of Pediatric Career Advising – A Complete Guide on how to win.

Coaching the Struggling Learner.

We Want You: A Guide to your Future in Pediatric Medical Education.

2025:

Igniting Passion: Enhancing Interest in Pediatrics among medical students. Leader: Jennifer DeCoste.

Supporting the Neuroatypical Student in the clinical years: from clerkships to career advising. Leader: Melissa Brannen.

Revving Up for career advising success: Steering Towards a Clearer Understanding of ERAS Elements and unique student scenarios. Leader: Erin Pete Devon.

### **Teaching Skills**

2015:

Simulation 101: Where Do I Start?

Stop Lecturing To Me – How To Use Interactive Teaching Techniques

Something For Everyone: Engaging Multiple Levels of Learners in the Clinical Setting

From Twerking to Working: An Approach to this Generation of Learners, the So-Called Millennials

Don't Judge a Book By Its Cover- Engaging the Quiet Learner

We're Engaged! How to Create an Interactive Learning Environment That Will Last a Lifetime

2016

Lights, Camera, Action! Directing A Blockbuster Workshop

Conducting Workshops For and By Clerkship Administrators: Ingredients for Success

Effective Speaking 101: How to Avoid the "Deadly Power-Point"

Going Beyond Good Job and Performed as Expected: How to Give Meaningful Competency Based Feedback and Evaluation to Learners

Teaching EBM in the Pediatric Clerkship: An Active Learning Model

Ready for Launch: Taking Flipped Classroom From Buzzword to Blastoff

Parents Are the Best Teachers: Teaching Family Centered Care Together With Family Faculty Members

Practicing Medicine In the Gray: The Debate-Style Format As a Novel Approach to Teaching Evidence Based Practice In Controversial Areas of Medicine

"Come On Down": How to Develop, Implement, and Tailor An Exciting Game Show Program For Your Learners

2017

Don't Leave the Medical Students Out of Patient and Family Centered Rounds!

2018

Integrating Emotional Intelligence in the Clerkship

Crossing Boundaries: Flipping the Classroom in the Clerkship Year

Reflective Writing in Clerkships: Viewing Patients through a Basic Science Lens Using the Kolb Learning Cycle

"Let's Get Physical!" Effective and Efficient Methods for Teaching Physical Examination at Bedside

Students, Residents, and Fellows? Oh My! How to Engage Multi-Level Learner Groups  
See One, Do One, Lead One. Teaching Leadership Skills to Medical Students

2019

Just Dance: Teaching Clinical Reasoning Using Non Clinical Methods  
PDSA Meets Feedback Friday: Using QI Methodology to Integrate Improved Feedback  
Teaching Diagnostic Reasoning Using an Assessment for Learning Tool  
“Yes, And”: Applying Lessons from Improvisation to Teaching  
Making the Most Out of Direct Observation: How to Foster Differential Dx Formulation

2021

Coaching For the Development of Master Adaptive Learners  
Move over Millennials: Make Room for iGen! Using the iCARE framework to maximize interactions w/ iGen/Gen Z  
Using the Arts to Teach the Dimensions of Patient Care

2022:

Putting the Clinical Skills Puzzle Pieces Back Together with Students after the Pandemic Shut-down.  
“The Student Becomes the Master:” Teaching Students to Teach.

2023:

Just Do It! Optimizing the Direct Observation (DO) Experience in the Pediatric Clerkship.  
Ambulatory Clinical Teaching: How to Train Your Community preceptors to do it well in their 15-minute visits.  
Beyond Feedback: Leveraging Coaching Skills to achieve learner peak performance.  
Going Beyond “performed as expected”: How to give effective, efficient and unbiased competency-based feedback to learners.

2024:

Shall we play a game? Gamifying your Content to Engage Students.  
Enhancing the power to make your point: How to plan, design, and deliver more effective presentations.

2025:

Beyond Jeopardy - Bring Joy and Engagement by incorporating games into the classroom and clinical learning environment. Leader: Anne Frank.  
8 Steps to Teach with Impact. Leader: Lawrence Ma.  
OSCE turned OSTE!: Teaching Residents to excel as educators. Leader: Natalia Keliam.  
Incorporating Debriefing into everyday clinical teaching. Leader: Maya Neeley.

### **Technology**

2015:

Utilizing Tablets And Technology To Enhance Medical Education In An Ever-Changing Digital Environment  
And Action! Making Video a Part of Your Educational Repertoire

2016:

Towards an IPAD-Based Curriculum for Pediatric Student Education: Apps and Beyond  
You Can Teach That – CLIPP Can Help  
Designing Simulation Exercises For Sub-Interns  
Choose Your Own Adventure: Give Your Students Less And They Will Do More With Virtual Patients

2017:

Simulation During the Pediatric Clerkship Without A Budget? We Got You Covered!

2018:

Talking the Talk: Using Podcase to Deliver Educational Curricula

Scripting Success: Using a Point of Care APP at the Bedside to Enhance Students Clinical Reasoning Skills

2019:

Teaching Rebooted for Today's Learner

2021:

A New 'Virtual' Reality: Curating a valuable telemedicine experience for the UME learner

All Zoom, No Gloom: Enhancing Medical Student Conferences

It's all "Geek" to me: Technology tools to enhance teaching and learning

"Zoom on In:" Gamification For The Virtual World

Technology 101: How to Launch Family-Centered Rounds into the Future (& during the COVID-19 pandemic)

Telesimulation for the Virtual Era

2022:

"Tech"-tonic Shift: Integrating Technology into your Teaching.

2023:

Lights, Camera, Action! How to make educational videos to enhance your teaching.

2024:

Formula for Success: Harnessing the Power of Spreadsheets: For Med Ed Excellence.

Unlocking the Power of Technology in Learner Assessment and Feedback: A workshop for educators.

What's All the Chatter? Laying the foundation for ethical and appropriate use of Artificial Intelligence in Undergraduate Medical Education.

Create your own Website: A tool for medical education.

2025:

Full Throttle Teaching: Driving Student Engagement Through Technology. Leader: Aleisha Nabower.

Writing Wrongs: Using AI to ensure fairness and impact in letters or recommendations. Leader: Seetal Mishra.

AI on the fast track: Driving Assessment Innovation in Pediatrics. Leader: Jennifer Thompson.

## **Wellness**

2015:

Physician Heal Thyself: Learning Self-Care and Promoting It in Others

2022:

Finding Joy Throughout Your Medical Career.

2025:

The Pressure to be Positive: Unraveling Toxic Positivity in Our Lives. Leader: Karen Webster.

Finding Joy in Pediatric Medical Education. Leader; Margie Rodgers.
