How to Write a Review for the COMSEP Journal Club

- (1) Choose a month you want to write a review. All reviews are due the first of the month they will be posted.
- (2) Choose an article you want to review related to medical education. Frequently used journals include Academic Medicine, Teaching in Learning in Medicine, Medical Education and Medical Teacher, but there are many others. If you need help choosing one, let us know
- (3) Check with the JC editors to be sure that no one else has claimed your article! We want to avoid duplications.
- (4) Write a review that is 300 words or less using the following format:
 - a. What was the study question?
 - b. How was the study done?
 - c. What were the results?
 - d. How can I apply this article to my work in education?
- (5) Submit
- (6) Celebrate with a glass of beer/wine/beverage of your choice.
